Los Angeles, CA – September 17, 2024 – Zakk Sabbath is proud to announce the release of **"Greatest Riffs,"** a digital collection celebrating the iconic music of Black Sabbath and their legendary guitarist, Tony Iommi. Featuring a handpicked selection of tracks, this release pays tribute to the band that defined heavy metal for generations.

Formed by Zakk Wylde in 2014, Zakk Sabbath has brought the music of Black Sabbath to life through explosive live performances and recordings. For the first time, fans can enjoy "Greatest Riffs" on all major streaming platforms. This digital release brings together some of the most powerful and enduring songs from the Zakk Sabbath albums 'Vertigo' and 'Doomed Forever Forever Doomed', previously only available in physical formats.
